COMPANY PROFILE

Arshine Pharmaceutical Co., Limited, located in Changsha, China, is affiliated with Arshine Group.

Originated in Shenzhen, China in 2007, with a number of wholly-owned subsidiaries, Arshine Group has established branches in Beijing, Shanghai, Shenzhen and Hangzhou, as well as a number of overseas offices. With a global perspective and an average annual growth rate of over 30%, Arshine Group has become a leading professional health industry chain service group. Arshine Pharma, together with subsidiaries of Arshine Group, has expanded its business to 100 countries and regions in Asia, Europe, the Middle East and Africa.

Arshine Pharma is dedicated to providing one-stop procurement services for human APIs to global pharmaceutical companies. With years of experience in sourcing, Arshine Pharma has established strong relationships with a number of manufacturers and selected quality APIs from over 1000 suppliers worldwide. Our main products include antibiotics, antivirals, antifungals, steroids, antipyretics and analgesics, cardiovascular drugs, digestive aids, vitamins and pharmaceutical excipients such as PVP and HPMC. For helping our customers enter the market smoothly, we also provide product registration and various types of documentation support.

At present, we have warehouses in Shanghai, Qingdao and Tianjin. We cooperate with more than 30 shipping companies in China to ensure fast delivery. Our company will contribute to developing the world's leading pharmaceutical raw material export service platform. Arshine Pharma has successfully provided human API supply solutions to more than 1,000 partners worldwide, helping human beings to overcome various diseases and have a healthy life.
